

SHAHAD GUL

Frontend Developer | React.js | JavaScript ES6+ | UI Engineering

Shahadgul905@gmail.com | +92 314 9001368 | [linkedin.com/in/shahadgul](https://www.linkedin.com/in/shahadgul) | github.com/shahadgul | Peshawar, Pakistan

PROFESSIONAL SUMMARY

Ambitious and self-driven Frontend Developer currently pursuing a Bachelor's in Computer Science at the University of Peshawar. Skilled in building modern, responsive, and performant web interfaces using React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, and Tailwind CSS. Passionate about clean code, component-based architecture, and delivering great user experiences. Actively building and deploying projects on Vercel and GitHub, seeking an opportunity to grow within a forward-thinking software team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Java, C++

Frameworks & Libraries: React.js, Node.js, Bootstrap 5, Tailwind CSS

Tools & Platforms: Git, GitHub, Vercel, npm, VS Code

Concepts: Component-Based Architecture, React Hooks (useState, useEffect), Responsive/Mobile-First Design, REST APIs, Agile basics

PROJECTS

Calculator App | React · JavaScript · CSS 2026

- Built a full arithmetic calculator with keyboard support and fully responsive UI using React hooks.
- Deployed live on Vercel: calculator-tjx4.vercel.app; source code available on GitHub.

Todo List App | React · Hooks · Tailwind CSS 2026

- Developed a task manager with add, delete, filter, and completion-tracking features using React state management.
- Applied mobile-first responsive design with Tailwind CSS and reusable component architecture.

Clock App | React · useEffect · CSS Animations 2026

- Created a live digital clock with real-time updates using useEffect and smooth CSS animations.

Caffe Amore — Cafe Management System | Flutter · Dart · Provider 2026

- Built a full-featured cafe management app for Software Engineering coursework, covering order management, menu CRUD, and reporting.
- Implemented MVVM architecture with Provider state management and SharedPreferences for local persistence.

EDUCATION

Bachelor of Science in Computer Science — University of Peshawar 2023 – Present | 6th Semester

Relevant Coursework: Data Structures, OOP, Web Technologies, Database Systems, Algorithms, Software Engineering, Flutter app development, Java ,c++.

- Actively applying academic concepts through personal web development projects and open-source contributions on GitHub.
